

SHANIA

Hello, my name is Shania, and I am excited to be teaching the Koala class in 2025. I am extremely passionate about supporting each child's learning and developmental journey. I believe I have an important role as a teacher to build partnerships with the children and support them to love learning. I believe this is achieved through exploring the children's interests and building connections with their families. I view each child as unique, knowledgeable and capable and want to foster this in my classroom.

I am passionate about literacy and love reading books with children! I believe it is an excellent way for them to explore the world around them and use their incredible imaginations. I also enjoy supporting children to engage in active play experiences and supporting them to learn how they can move their bodies in a range of ways.

In my spare time, I enjoy drawing, running, seeing my friends and family and watching football.

I am looking forward to getting to know you and your child in the coming year!
