

Meet the Teacher:

LEIGHA

Hello, my name is Leigha!

I am the quality officer and teacher for the Kookaburra program at Renown Kindergarten.

I have had the pleasure of working in Early Childhood for 9 years in both childcare and sessional Kinder settings.

I am passionate about play-based learning, and providing children with rich and exciting learning and development opportunities that are inspired by the children's interests.

In the classroom, I aim to foster children's independence and confidence through building their social-emotional skills. I love to embed the exploration of culture and diversity of our communities, celebrating the uniqueness of every child. Kindness, compassion, empathy, and respect for ourselves as well as others are essential qualities, I hope to encourage in my practice each day at kinder.

Observing every child learn, grow and develop as they progress through their educational journey at Renown Kindergarten is forever fulfilling.

I look forward to getting to know you and your child over the coming year.
