

Meet **TAKAKO**

About Me

Bonjour!

My name is Takako.

I am Japanese but I lived in Paris almost for 14 years. I speak English, French and Japanese as my mother tongue.

I live in South Yarra and I am very happy to work with local children.

Renown Kindergarten was my first workplace as an Educator, where I started in 2013. I was very lucky to start my career in a wonderful environment with such a rich history. I have also worked at other kindergartens since then.

I am currently taking a course of Contemporary Visual Art at the VCA, at the University of Melbourne. I love Australian animals and I create artwork related to wildlife. Also, I give art lessons to primary school children.

I would like to deliver lots of art experiences to kinder children.

Art for young children is a language, a way to express themselves, for healing and fun.

‘All children are artists’ said Pablo Picasso.

I really look forward to discovering and helping the young artists at Renown Kindergarten.
